CHOI FRA ADDS TO RAVAGES OF WAR; PEACE IS NOT YET

Break in Tchatalji Lines Is Reported and Terrific Fighting Occurs at Monastir and Adrianople, Negotiations Halts

LONDON, Nov. 14.—Turkey now has formally appealed to Bulgaria for peace, thus forestalling the tardy action of the European concert towards mediation.

No armistice has been concluded; difficulties have arisen about the terms. It is said that Bulgaria demands the evacuation of Adrianople, Sentari and Monastir as a condition of agreeing to an armistice.

Negotiations, however, continue.

The censorship is again exceedingly severe and it is difficult to arrive at any correct idea of the military position.

The fall of Adrianople is rumored from both Serbian and Turkish sources, but this still is unconfirmed.

Another report says the Bulgarians have occupied Hadzimekeine, 21 miles from Constantinople. If this is true, it is a very important capture.

That town is Nazim Pasha's staff headquarters. While the Vienna Reichspost correspondent with the Bulgarian army reports what he describes as murderous fighting along the Tchatalji lines, Turkish official reports deny there has been any serious fighting here for several days.

With regard to other points an improvement in the weather has permitted the resumption of the Montenegrin attacks against the Turkish positions around

Use Aeroplane in War Proved by Bulgarians

LONDON, Nov. 14.—The great value of aeroplanes in war has been proved by the Bulgarian army, not only in reconnaissance work but for fire control.

That the murderous accuracy of the Bulgarian artillery was due to, in a measure, the activity of the aeroplanes is demonstrated in letters received from the front.

Any attempt by war correspondents to telegraph news of the employment of flying machines by the Bulgarians during the operations has met with severe censorship, but stories are beginning to filter through showing that remarkably effective work has been done by the aeroplanes.

Perceval Phillips, special correspondent of the London Express, sends a picturesque description of the flight of a plane over the Bulgarian army and a beleaguered city of Adrianople. He writes:

"The first long reconnaissance took place on the Tuesday following the capture of Mustapha Pasha. A military biplane winged its way confidently over the rising sun, making a wide arc above the troops, who were full of enthusiasm regarding this new and wonderful sight. Subsequently flights were made under excellent conditions, the plane being under wind."

From the little cockpit, the trained observer with maps and glasses surveyed wonderful panoramas of war-torn Mustapha Pasha and Adrianople. The country is a rugged series of hills and valleys, effectively shutting out from us here any glimpse of either the enemy or of our first line. To aerial scouts, however, these hills are no more than a row of insignificant ridges cut by the broad valley of the winding Maritza, with a pink yellow ribbon, the great Constantinople road, as the most pronounced landmark."

GREAT MOSQUE IN CONSTANTINOPLE TURKS WOULD DESTROY RATHER THAN SURRENDER TO "INFIDELS"

The beautiful Mosque of St. Sophia, the finest Moham. temple of prayer in all Turkey, was a great attraction, founded 422 years ago, up to the time that the Turks, since that terrible fire from their present capital, the Fatimians, Mohammedan fanatics, in the Turkish capital, burned the mosque of Constantinople by the Bulgarians, and saying that the mosque was destroyed rather than allow it to be taken by the Christian infidels.

DESCENDANT OF WASHINGTON FAMILY HERE IN AUTOMOBILE IN DASH ACROSS CONTINENT

He and His Bride Like to Travel; Have Toured Europe and Declare Colorado Scenery the Best

En route to Los Angeles from New York in a 50-horse-power automobile Mr. and Mrs. H. J. Lemar Washington, former a direct descendant of George Washington's ancestry, arrived in the city Wednesday afternoon to spend several days sight-seeing before continuing their journey.

Mr. Washington is the son of W. Hunter Washington, former attorney general of Tennessee and is himself a prominent planter in Georgia, although he maintains a residence in New York.

"I don't see why people want to go to Switzerland when we have scenery that equals it," said Mr. Washington, who is a traveler of wide experience and who with Mrs. Washington took a motor trip through Europe last year. When told that Colorado Springs was trying to get on the official transcontinental highway, Mr. Washington remarked, "Why, there should not be the slightest doubt about it. Automobiles want to see the most beautiful in the land, and Colorado Springs should be chosen without a doubt."

Mr. Washington is a personal friend of A. L. Westgard, trail finder for the national route.

Valuable Dogs Taken Along. Auto trips are hobbies with the young couple. They have a huge Simplex car.

Will Follow Santa Fe Trail. After visiting in Colorado, Springs for several days the couple will leave for California by the way of the Santa Fe trail through Trinidad. They will visit in Los Angeles with Mrs. Washington's uncle, Dr. J. Allen Osmond, president of the California Orange Growers association and of the Whittier National bank. They will take a number of drives to points of interest in the region today and both state that Colorado Springs was the main "Colorado attraction for them on the trip."

Mr. Washington is a member of the old Virginia Washington family, being the fifth cousin descended from the first president of the United States.

LAUNCHES CAPSIZE; EIGHT MAY BE DEAD

Two Hunting Parties Started Down Mississippi River and Boats Found Empty

PEORIA, Ill., Nov. 14.—Two gasoline launches, bound from Chicago to St. Louis, plunked over the government dam at La Grange, Ill., 90 miles south of here, today. None of the bodies of the occupants of either boat have been recovered.

The launches were the "A. B. Moore" and the "Five-Dollar Bill," and left Chicago Saturday morning. The lock tenders heard cries for help, and, rushing to the scene, found the "A. B. Moore" banking upside down from the top of the dam. The "Five-Dollar Bill" was found in good condition, a mile below the dam. The engine was still warm, the boat carrying but a few inches of water.

Searchers, late tonight, were unable to recover the boat hanging over the dam, and the engines were removed, together with hunting paraphernalia and two outtriggers. The coroner of the county took charge of the efforts but nothing was found to indicate the names of any of the victims.

River men are dragging for the bodies.

ST. LOUIS, Nov. 14.—Telephone advice from La Grange, where the gasoline launches "A. B. Moore" and "Five-Dollar Bill" plunked over the government dam, this morning on their way from Chicago to St. Louis, stated tonight that William M. Moore of Chicago, owner of the "A. B. Moore" and three other men, are known to have been drowned. Watchers on the shore say they saw Moore struggling in the water below the dam until he was gone. Three other men are said to have been seen in the water, but they were not seen again.

M'NAMARA'S CONFESSION RELATED BY M'MANIGAL

Confessed Dynamiter Tells How James B. McNamara Blew Up the Los Angeles Times Building Two Years Ago

INDIANAPOLIS, Nov. 14.—For the first time since the 21 persons were killed in the blowing up of the Los Angeles Times building on October 1, 1910, James B. McNamara's detailed confession to having caused the explosion, with his motives for doing it and his comments on the fact that so many persons were killed was related on the witness stand in the "dynamite conspiracy" trial today.

On the witness stand today, James B. McNamara, who was given a life term in the Federal penitentiary for his part in the blowing up of the Los Angeles Times building, related the details of the explosion, which killed 21 persons and injured many others.

McNamara's confession was given in a long and detailed statement, in which he related the details of the explosion, which killed 21 persons and injured many others.

**AVERT TEAMSTERS STRIKE
BY GRANTING INCREASE**

CHICAGO, Nov. 14.—For a few hours
today about 5,000 teamsters were on
strike in Chicago and it was feared
that the trouble might extend to 24,
000 more and assume serious aspects.
Tonight, however, the employers of
the striking men granted all of their
demands—\$1.50 a week increase for
double teams and \$1 for singles and 30
cents an hour for overtime. The men
will return to work tomorrow.

**ELEVEN PERISHED WHEN

scene of the disaster, said that there
was little or no hope that any more
of those aboard the Mayflower when
she went down Tuesday night would
be found alive.

**GOMPERS DEFENDS THE
NONPOLITICAL POLICY**

ROCHESTER, N. Y., Nov. 14.—At
the close of a day of addresses by
men from Great Britain and Canada
and representatives of religious and
philanthropic associations organized
in the interests of labor, President
Samuel Gompers of the American Fed-
eration of Labor defended the non-
political policy of the federation and
declared the only thing that will end
the struggle between capital and labor
is recognition of the right of the to-
lery to the best and all that is pro-
duced.

"I may call attention to the fact that
while we do not pin our faith to the
pledges made by any political party,
the American method of our organized
labor movement has accomplished re-
sults," said Mr. Gompers.

**PRES. TAFT RECEIVES
DAUGHTERS CONFEDERACY**

WASHINGTON, Nov. 14.—A brilliant
series of social functions, centering
about a reception by President Taft,
marked today's session of the United
Daughters of the Confederacy. The
president received nearly a thousand
of the daughters in the east room of
the White house.

He was assisted by Mrs. Taft and as
the visitors filed by, the president had
a hearty handshake and a word of
greeting for each.

Today's business sessions were con-
fined largely to the receipt of reports
of officers and committees. The con-
vention accepted two general scholar-
ships, one from Chicago University and
one from Loretta convent of Kentucky.
In connection with the report of the

iff rates on sugar. Mr. Morey purposed
leading a campaign to induce a major-
ity of the representatives to vote
against tariff reduction on sugar.

LAW PARTNERS MARRY

SANTA FE, N. M., Nov. 14.—The su-
preme court chamber of the capital
was the scene of an unusual occur-
rence this afternoon when Chief Jus-
tice J. Roberson suspended court to
witness the marriage of Miss Nellie C.
Brewer, secretary of the New Mexican
Bar association, and the only woman
lawyer in the state, and Harold Pierce,
the law partner of Miss Brewer.

**Leaders Not Sorry
Riot on Home Rule
in House Commons**

LONDON, Nov. 14.—Andrew Bonar
Law, leader of the opposition in the
house of commons, speaking at a big
Unionist demonstration in Albert hall
tonight, said he did not regret last
night's disturbance in the house and
did not try to stop it.

While he would rejoice if a way out
of the difficulty were found possible by
the speakers, it would not end the strug-
gle, he said. The government was try-
ing to do what it had no moral right
to do and the opposition would continue
its endeavors to wreck the home rule
bill in the house of commons, he con-
tinued.

"If the bill should become a law, the
opposition would surely stand up and
it was the intention to press for the
reference of the bill to the electorate for
their judgment and thus prevent the
degradation of the house of commons
and what was worse civil war within
the United Kingdom.

Unionist demonstration is an old
fixture, but is utilized as an opportu-
nity to express enthusiastic confidence
in tactics of the party leaders in the
home rule debate, he declared.

Lord Lansdowne, leader of the op-
position in the house of lords, and
Bonar Law were the principal speak-
ers at tonight's meeting. Lord Lan-
downe said little about Wednesday's
scene in the house of commons and
gave no hint as to the future policy
with reference to this.

Dealing with the home rule question,
he said he believed the reason support
was accorded home rule in the coun-
try was that the people were feeling
intense sympathy over the Irish ques-
tion. That, he declared, was a feeling
of cowardice which was unpatriotic
and unstatesmanlike.

**TERRIFIC BOMBARDMENT
AROUND ADRIANOPOLE**

LONDON, Nov. 15 (Friday).—Bennett
Rutledge, in a dispatch from Mustapha
Pasha, to the Daily Telegraph, de-
scribes the fighting around Adrianople.
He says:

"Port Arthur produced no grander
or more terrible effects than Sunday
night's furious bombardment. Hun-
dreds of shells burst at the same in-
stant over and around Adrianople.
Guns of all sizes and kinds made a
flaming, roaring inferno which must
have reverberated for miles along the
Balkan mountains and rocked and rat-
tled the houses in distant Mustapha
Pasha.

"The Turks attempted to reply, but
were soon overpowered by the tremen-
dous strength, energy and accuracy of
the besiegers.

The correspondent describes the
storming of the forts on the north and
east the same night. He says:
"The Bulgarian storming battalions
first attended divine worship. They
then stripped off their superfluous
clothes and baggage in their trenches.
The Turks precipitated matters by at-
tempting a sally, little knowing what
was in store for them. There was a
tornado of artillery and rifle firing
on both sides, then the Bulgarians ran
in with bayonets. Such Turks as could
flee, but they left an awful trail of
dead and dying on the field. The bat-
tle continued for many hours in a
heavy rainstorm.

Insists on Entry Capital.
"Despite the weather, however, the
Bulgarian transport goes on, and I
have seen around Adrianople tons of
bags of wheat, sacks of flour, and
fresh meat for the troops and enor-
mous convoys daily of fresh, brown
bread. Plentiful supplies of groceries
and vegetables of all kinds, as well as
firewood, white wine and tobacco can
be had. Tommy Atkins never had
such a time in the Soudan."

The correspondent adds that the
weather had cleared and the Bulgari-
ans were drawing near. He hoped to
be in the trenches when the fortress
fell. He concludes with a statement
that the troops in Adrianople are well
supplied with food, but that the civil
population is starving.

The Uskup correspondent of the
Daily Telegraph, under date of No-
vember 13, describes the position of
the Turks at Monastir as desperate,
and says the Servians have completed
the concentration of troops around the
doomed city with a great force of ar-
tillery, and a retreat by the Turks is
impossible. The only chance of escape
is a narrow pass, westward, toward
the Albanian mountains, where troops
would starve. The battle is expected
to begin tomorrow morning.

**CHOLERA CLAIMS
390 IN ONE CAMP**

LONDON, Nov. 15 (Friday).—Fight-
ing has commenced at Monastir, ac-
cording to an Uskup dispatch to the
Daily Mail, tonight. The Servian forces
marching toward Albania to the Adri-
atic are meeting with little opposition,
many places being occupied without
firing a shot.

A Daily Mail dispatch from Constan-
tinople declares that one of the min-
isters is authority for saying that 350
deaths from cholera occurred in one
Turkish camp at Hademkeul, Wednes-
day.

An uncensored Daily News dispatch
from Constantinople, by way of Con-
stantinople, says:

"The government is trying, in the
face of Providence by bringing cholera-
infected troops from the Adana dis-
trict, in spite of the protests made by
the railway company. They have been
sent to Thessalonica, where as elsewhere
the officers make not the smallest ef-
fort to secure sanitary precautions,
even in the camp.

"Steamers have been chartered to
take 25,000 useless and mutinous sol-
diers, who are looting in Constantinople,
back to Anatolia."

The total Turkish losses in Thrace,

according to the Constantinople cor-
respondent of the Times, numbers 35,
000 killed and wounded and 20,000 mis-
sing.

The Thessalonica lines are held by 60,000
troops, most of whom are demoralized.
At San Stefano and Hademkeul there
are 20,000 first reserves, who present
a smart appearance, but who have not
yet been engaged.

"The Austrian and German military
preparations in Paris," continues the
correspondent, "are exciting interest
and awe. Not only are Austrians in-
vited and the Austrian embassy held by
strong guards landed from the war-
ships, but the flat roof of the German
embassy is admirably protected against
an airplane attack by Maxim guns
and a sandbag cover, and another
Maxim guards the portico lodge."

"Many regard this military parade
with discreet mirth, and think the en-
semble would better be bestowed in
discharge of sanitation against the
cholera."

A Sofia dispatch to the Times says
the Bulgarians are bringing 400 heavy
guns to bear on the Turkish positions
on the Thessalonica lines.

**FRIGHTFUL CONDITIONS
PREVAIL IN CAPITAL**

LONDON, Nov. 15 (Friday).—Either
for military reasons or on account of
the cholera which is spreading rapidly
at Hademkeul, the government, the
Constantinople correspondent of the
Daily Telegraph declares, is prepared
to make large concessions in order to
prevent the Balkan armies from en-
tering Constantinople.

An uncensored dispatch dated No-
vember 13 from Constantinople to the
Reuter Telegram company says that
cholera is extending alarmingly among
the troops. The cases are reckoned by
the hundreds, while among the
refugees there are even more victims.

"In Constantinople," adds the dis-
patch, "the disease is difficult to con-
trol. One train alone brought 160
patients from San Stefano. They
were conveyed to the Lazaretto at
Beyoet, near the Bosphorus. The bodies
of 20 soldiers who had died of cholera
were taken from the same train.

"Many trains have returned from the
front with soldiers who are not wound-
ed but are in a state of physical col-
lapse owing to exhaustion due to ex-
posure and lack of food. The sights
at some of the stations near Thessalonica
are unenvying. Cholera victims crawl
to the station for water or in the hope
of getting to Constantinople. They
can be seen lying about in every stage
of the infection.

Water Supply Threatened.
"The greater danger threatens Con-
stantinople in that water supply from
Lake Derkos may become contami-
nated. Only a few cases have been
reported up to the present among the
people in the capital and it would seem
that the disease is not the deadliest
form of Asiatic cholera as, notwith-
standing the unfavorable conditions to
which the army is exposed, it is as-
serted that 60 per cent of the cases
have recovered."

"The authorities are doing their best
to rid the capital as quickly as pos-
sible of the influx of refugees. They
are being dispatched at the rate of
several thousand daily to the ports of
Ghemlik and Moudania or by rail to
Konieh. The active interest of the
authorities ends with the removal of
the poor exiles and absolutely no pro-
visions have been made for food sup-
plies. The refugees are simply dumped
into the towns on the coast or in the
interior and are left to find forage for
themselves."

"One thought strikes an observer
forcibly, at seeing the people migrating
back to its ancient home," says the
correspondent. "Namely, how little
altered after 500 years are the wan-
derers returning practically in the
same manner in which they came to
Europe five centuries ago. The same
rough wooden carts dragged by bul-
locks or mules, and covered with
straw matting which conceals the
household lumber and the female mem-
bers of the family hunched into the
smallest conceivable space, peering
with sad eyes at the unfamiliar sights
while the sheep and goats are pre-
sented from straying by the youngsters
of the family."

FARMERS REPUDIATE RESPONSIBILITY FOR HIGH COST OF LIVING

SPOKANE, Wash., Nov. 14.—Farmers of many states, represented through delegates to the National Grange, in session here, repudiated responsibility today for the high cost of living.

Reports from nearly every state touched upon the question. Their tenor was that the farmer, whether or not he rides in automobiles, as depicted, gets but a small profit from his investment, and, furthermore, gets only from 20 to 40 per cent of what his products cost the consumer. Cooperative marketing was advocated as a remedy benefiting seller and buyer.

The national conference of "Progressive states," the so-called insurgent faction of the National Grange, held its first meeting today and discussed resolutions urging repeal of the rule permitting trial and expulsion of members of subordinate lodges. A new method of representation also was discussed.

ARREST COUNSEL JEWISH ORDERS FORGERY CHARGE

NEW YORK, Nov. 14.—Judge Leon Sanders, president of the B'nai B'rith Abraham, the national Jewish fraternal organization, caused the arrest tonight of Alfred B. Jaworower, the counsel of the organization, on a charge of forgery.

Judge Sanders said complaints had been received from persons all over the country that they had not received money due them through the death of relatives who were members of the organization. The arrest of Jaworower was made upon the specific charge that he forged the name of Mrs. Bertha Blendy of California, to a benefit check. Jaworower is 49 years old, is married, and has two grown daughters. He was a Republican candidate for assemblyman in the recent election.

DIAZ STILL IN PRISON, SAYS MEXICAN CONSUL

NEW ORLEANS, Nov. 14.—Dr. P. Ornelas, Mexican consul general here, said tonight he had been officially advised by his government that Gen. Felix Diaz, who led the recent revolution in Vera-Cruz, was still in prison there. Diaz, after the failure of his revolt, was court-martialed and condemned to death. His case is now before the Mexican supreme court. Recently a report was widely circulated that he had escaped.

The foreign office informed me, Dr. Ornelas said, that Diaz is still in prison; that he had neither escaped nor received any harm; and that the law in his case is taking its course.

CLARK'S POSITION SAID TO BE SAFE

Democrats Expect There Will Be Little Opposition to Re-election

WASHINGTON, Nov. 14.—The speakership of the house is expected to receive considerable attention among Democratic congressmen within the next two weeks. Congressman Henry's statement that he will not be a candidate against Speaker Clark will result, it is expected, in many of Mr. Henry's friends declaring themselves in favor of Speaker Clark's re-election.

It was pointed out today by congressmen who have been active supporters of Mr. Henry for the speakership that the Texas man was not an avowed candidate two years ago, although his name figured prominently in the discussion that preceded the selection of Champ Clark.

Speaker Clark will reach Washington tomorrow, and will discuss plans for the legislative session with Democratic congressmen connected with the more important committees of the house.

The first real legislative work will begin next Wednesday, when the subcommittee of the house committee on appropriations takes up consideration of the legislative, executive and judicial appropriation bill. Representative Johnson of South Carolina, chairman of the subcommittee, said today that the committee had been called together in the expectation of being able to complete the bill by the beginning of the next session, December 2. This will be the first of the supply measures to be reported to the house, and it will be taken up promptly by that body.

Mr. Johnson said the bill would be confined as closely as possible to appropriations, eliminating all matters of general legislation, and that, owing to the extensive hearings held last session, such hearings would not be necessary on the bill of this session. The measure last year carried \$35,000,000, and an equally large appropriation is expected at the approaching session.

FLASH MESSAGES ACROSS CONTINENT

WASHINGTON, Nov. 14.—Officers here say the operator at Mare Island was mistaken in believing that he exchanged messages with Arlington several nights ago. They think some mischievous amateur in the vicinity of the California station used the Arlington signature.

The Arlington station heard the Mare Island station tonight, however, for the first time. The two stations are 2,117 miles apart. The message heard here was going to Key West, and was not received distinctly.

MARE ISLAND, Cal., Nov. 14.—We have not heard from the Arlington wireless station tonight, said Chief Operator Anderson of the Mare Island government wireless station, "and we do not know whether they heard us. Every night for a week, however, we have heard Arlington call, first, the Atlantic coast points, and then Mare Island and San Diego, and we have answered when they called. There can be no mistake about it."

TO ESCAPE MOB

CHAMPAIGN, Ill., Nov. 14.—To escape harm by a mob, James Cain, a wealthy young farmer, stepped in front of a fast Illinois central train at Rantoul today and was killed. Cain seriously wounded his 18-year-old sweetheart, Dorothy Lowery, here last night because she would not marry him. He hit her on the head with a hammer and fractured her skull. The girl's relatives spread an alarm, and a mob formed and pursued Cain through the country last night.

GUNMEN FIX BLAME ON SOME ONE ELSE

Tell Stories Glibly in Bowery Language Incriminate Harry Vallon

NEW YORK, Nov. 14.—In the picturesque language of the Bowery, three gunmen on trial as the actual murderers of the gambler, Herman Rosenthal, gave on the witness stand today their version of the shooting which they hope will win them a quick exit.

The three were "Gyp the Blood," "Whitely" Lewis and "Lefty" Louis.

In stories which fitted together perfectly and in some parts proved almost literal repetition, the three gunmen accused "Bridget" Webster, Harry Vallon and a mysterious "strange man" of firing the shots that killed the gambler; themselves they pointed as innocent bystanders lined there by "Bald" Jack Rose.

"Dago Frank" the fourth gunman, they all testified, was not on the scene at all. Frank will be given a chance to tell his story tomorrow.

"Bald" Jack Rose, graft collector for Lieutenant Charles Becker, since convicted of procuring the murder, was described today as a man who feared the vengeance of the leader of the feared gang, "Big Jack" Zelig, recently shot to death. Rose was anxious to prove to them that he had nothing to do with having Zelig "framed up" on the charge of carrying concealed weapons, they declared. That was Rose's sole purpose in seeking them out, they said, and not a word did Rose speak to them about having Herman Rosenthal "crooked."

Lured to Scene Shooting. It was to furnish them proof of his own innocence that Rose got them to visit Webster's rooms on the night of the murder and it was in response to a message from Rose delivered by a mysterious stranger, that they left the poker rooms and went to the Hotel Metropole where Rosenthal met his fate. Whether Rose lured them there to throw suspicion upon them, they did not know, but the message was that some "cops" would be there who would prove that Jack Rose had nothing to do with the "framing" of Jack Zelig.

Who the mysterious stranger was, they did not know. It was the stranger who led them on foot, not in a gray automobile, to the Metropole. There on the street they saw Jack Rose, Sam Scheppe, "Bridget" Webster and Harry Vallon. The gray automobile which has been called the "murder car" was there, too. The "strange" man, joined Webster and Vallon and as "Whitely" Lewis described the shooting, "all at a sudden there was a flash. The stranger shot first. Then we saw more flashes. Harry Vallon and Bridget Webster were shooting and we beat it for the subway."

They did not even know that it was Rosenthal who had been shot until the next day, they said.

MISSOURI PACIFIC AFTER THE I. & G. N. RAILROAD

NEW YORK, Nov. 14.—Official announcement was made this afternoon that the Missouri Pacific Railway company is seeking to acquire control of the International & Great Northern railroad. The announcement, made by Speyer & Co., the Gould bankers, is as follows:

"President Bush of the Missouri Pacific Railway company, has informed his board of directors that he believes the International & Great Northern should become an integral part of the Missouri Pacific-Mountain system, and, under his advice, the board of directors is negotiating for an option on International & Great Northern common and preferred stock holdings of the Jay Gould estate and Frank J. Gould.

"The Missouri Pacific board has appointed a special committee, consisting of J. G. McCallie, E. D. Adams and Edgar L. Marston to make an investigation into the physical and financial condition of the International & Great Northern property."

ARMS SMUGGLED ACROSS BORDER INTO MEXICO

EL PASO, Tex., Nov. 14.—Military and secret service officers here are on a sharp lookout tonight for the arrival of any munitions which may be destined for Mexico. The border patrol of United States troops has been increased, and every train is being watched by secret agents.

Related reports of fighting in the state of Chihuahua reached here today. Antonio Rojas and 400 rebels are said to have been defeated near Guerrero. However, federal troops have been unable to prevent destruction of the railways, which remained closed below the Juarez-El Paso port.

WASHINGTON, Nov. 14.—Consignments of arms and ammunition, which it is suspected here may be intended for the Mexican rebels, are being closely watched by the war department. Information was received here today that such shipments were being sent to El Paso, and the orders were given immediately that a sharp lookout be kept to see that they do not get across the border.

LISTER IS AHEAD BY 608 VOTES IN WASH.

SEATTLE, Wash., Nov. 14.—Revised figures received tonight served to reduce the total vote of both Lister, Democrat, and Hay, Republican, in the race for governor, but increased Lister's plurality by 57 votes. His lead is now 608, with two small precincts in Jefferson county still missing.

Card Parties Branded As Gambling By Judge

KANSAS CITY, Nov. 14.—Women's card parties conducted under the names of clubs, not requiring a membership card nor a special invitation, were branded a violation of the gambling law by Judge Burney in the municipal court today. The case in court was that of Mrs. Laura Stetzer, charged with disturbing the peace following a quarrel with Mrs. Frances Thompson at a meeting of the "Progressive High Five club" at the home of Mrs. Connie Stewart, a teacher of China painting. The court room was filled with women.

Witnesses testified variously that Mrs. Stetzer gave Mrs. Thompson the first slap and vice versa. After Mrs. Thompson had administered a friendly but resounding slap upon the cheek of her attorney to attest to the severity of the blow she received, the court discharged the women with a reprimand.

Testimony showed that the club had met in a public hall, that 25 cents had been charged the players, and that as many as 50 women had taken part in games for prizes. The club was placed under the ban of the court.

THINKS BROTHER-IN-LAW IS HIDING HER CHILDREN

The date for the taking of evidence in the habeas corpus proceedings of Anna Holmgren against Henry Olsen in the district court has been set for Monday. Preliminary proceedings came up before Judge Shearer yesterday. Olsen is a brother-in-law of Mrs. Holmgren, and she is fighting for the custody of her two small daughters, Helen and Emma, whom she alleges Olsen is keeping from her in Kansas. She says that he took them while she was critically ill in a local hospital and that she has been unable to regain possession of them. The habeas corpus proceedings were brought to make Olsen produce the children in court. He denies having them.

WAITING FOR APPOINTMENT

The question of appointments which newly elected county officials will make is still to a great extent undecided. Although a number of suggestions have been made, for the offices which fall to the lot of the county commissioners to fill, W. N. Ruby is mentioned for county attorney, W. P. Laidlaw for road overseer and Dr. J. H. Brown for county physician. R. T. Gillingham, resigner-elect, has had about 20 applicants for the position of chief deputy, but will not make any appointments until about December 1. S. J. Bryan's appointees as county treasurer will probably be W. L. Davies for chief clerk, the post now held by J. O. Leibold, and J. G. Charlton for second bookkeeper. Frank Phillips is mentioned for one of the other positions in his office.

F. C. ONSTOTT APPOINTED TO HIGH SCHOOL STAFF

Frank C. Onstott, principal of the Central Business college, has been selected to succeed C. R. Stewart, resigned, as head of the commercial department of the High School. Mr. Onstott will have charge of several morning classes and although the change is not permanent may hold the position for the remainder of the year. The school board has made arrangements to relieve the congestion at the Irvell school and a new teacher will be employed making 117 teachers in the employ of the Colorado Springs district. The Irvell chapel is to be rented and another grade added to the school. The attendance in Irvell this year far exceeds that of any previous terms.

Mr. T. Howland wishes to announce to his many friends that he is now located at 406 DeGraff Bldg., where he is prepared to do ladies' and gentlemen's tailoring, cleaning, pressing and alterations, or anything expected of an up-to-date tailoring establishment. CAMPAIGN FOR 100 NEW MEMBERS NEXT TUESDAY

A whirlwind campaign for 100 new members will be started by the Y. M. C. A. next Tuesday. The various membership committees will be entertained at dinner in the association building next Monday evening, when a definite plan of the campaign will be given each man. These committees composed of prominent business men well known among young men and high school students already are lining up their prospects, and undoubtedly there will be great rivalry among the teams as to the number of new members secured. During this campaign every young man in the city will be invited and urged to become a member of the Y. M. C. A.

ENGAGEMENT ANNOUNCED

Announcement was made yesterday of the engagement of Mrs. A. C. Wiggins, graduate of the nurses' training class last August at Glickner sanatorium, to J. N. McClelland, a prominent wholesale merchant of Longmont. Mrs. Wiggins leaves this morning for Longmont where the marriage will take place next Wednesday. She will take place next Wednesday. A farewell party and shower for the present nurses training class at Glickner Mrs. Wiggins is well known in Colorado Springs and popular. Members are almost transparent to X-rays while past and other imitations stones produce shadows when photographed by the rays.

AUTO CLUB TO ASSIST POLICE TO PROTECT CARS

To prevent the promiscuous borrowing of automobiles and motorcycles that has caused several auto owners in Colorado Springs much trouble in the last few days, the Colorado Springs Automobile club is planning to cooperate with the police.

Although no thefts of machines have been reported, several car owners have complained to the police that their machines have been taken for joy rides around the city and in doing so played havoc with magnets and other sensitive parts of the cars.

Wednesday a well known young man was taken into custody by the police for indulging in a joy ride in a borrowed car. The man, who was wearing a hatpin for a spark plug, was reprimanded by the police but the owner of the car did not swear to any charges.

The police have promised their assistance in the matter and unless the practice ceases drivers of borrowed cars may find themselves facing serious charges in police court.

CATTLE THIEVES SENT UP; FIRST TIME IN COUNTY

For the first time in the history of Cheyenne county, cattle thieves have been convicted in a proceeding made all the more notable because W. O. Campbell, one of the oldest citizens of the county, a man whose integrity until recently never had been questioned, has been sentenced to three years in the penitentiary on the charge. With him Adolph Hargis, well known farmer of Kit Carson also has been convicted and sentenced on the same charge for the same term. The men were accused of stealing cattle from the farm of the Evans. They cut off the ears of the cattle in an effort to prevent identification.

NEW ORDINANCE WOULD JAIL AUTO SPEEDERS

A copy of the ordinance drafted by Chief of Police Burns to regulate automobile traffic was given to City Attorney McKesson yesterday morning to be submitted to the city council. The proposed ordinance defines the business district as bounded by Wahsatch and Boulder, Costilla and Sierra Madre streets. Within this boundary the speed limit is set at 15 miles an hour, with six miles an hour at cross-roads. In other sections of the city the limits are 22 miles and 15 miles. A violation shall be punishable by a fine of not less than \$25 nor more than \$100 or by imprisonment for not less than 10 days nor more than 30 days, or both.

If within a year a person is held for two or more violations of the regulations a fine of not less than \$50 nor more than \$200 or imprisonment for not less than 30 days nor more than 100 days shall be imposed.

A third or subsequent violation shall be punishable by a fine of not less than \$100 nor more than \$500 or imprisonment for not less than 60 days or more than six months, or both.

Any person driving any vehicle at a greater rate of speed than 30 miles an hour shall be punished for the first offense by imprisonment for not less than 10 days nor more than 30 days and for the second or any subsequent offense by imprisonment for not less than 30 days nor more than six months. Any person, firm or corporation violating any of the sections of the ordinance not otherwise specifically provided for, shall be held guilty of a misdemeanor and shall be punished by a fine of not more than \$500 or by imprisonment for not more than six months, or both.

HIGH SCHOOL PLANS WILL BE READY SOON

"We will be in shape shortly to announce the plans for the new high school building," said President W. P. Kinney of the school board, following a special meeting of the body last night. "We expect to be ready to turn over the preliminary sketches to the architects for working drawings in a few days and special meetings of the board will be held every night until this matter is settled," he added. Although much of the detail as to location, size and cost remains to be definitely settled, the board is working almost day and night to get the plans worked out to such an extent that construction may start before the first of the year.

WEDDING PARTIES

Mr. and Mrs. C. C. Briggs, who were married yesterday morning, gave a wedding breakfast to a party of 18 at the Alta Vista. Mr. and Mrs. Winifred Ohlson gave a wedding dinner to a party of 12 at the Alta Vista last night.

"CHRISTMAS SHOPPING" CONTEST STARTS SOON

An early Christmas shopping window contest will start today with the merchants of Colorado Springs. Holiday goods by a first quality, hundred of buyers will be sent to the city. The contest will be held in the downtown division of the city. The contest is making preliminary arrangements for the competition.

The success of a Christmas shopping contest held during the Christmas season in other cities, and such contests have since been held in fourteenth place have been a success. The contest is making preliminary arrangements for the competition.

HOPKINS SAYS HE DID NOT MAKE A MILLION

A story in yesterday's Evening Herald that Mr. J. H. Hopkins of this city, owner of the Midwest Oil company, and several other men had made a million dollars each in the last few months, was somewhat exaggerated, according to Mr. Hopkins.

A million dollars is a large sum, but Mr. Hopkins said that he had not made a million dollars, but he had made a sum. As for his wealth, he is certain that he has not made a million.

It is stated, however, that the group had more than \$1,000,000. Mr. Hopkins said that the group had more than \$1,000,000.

The rapid advance in the value of the company is due primarily to the fact that the field in which it operates has produced a large amount of oil this year. The company's earnings have been so great that it is now paying dividends at the rate of 1 percent per year on the preferred stock.

The company is capitalized at \$1,000,000. The company had 300,000 shares of oil above ground in September. The largest amount ever held in storage at any one time in the U. S. Mountain territory. It supplies fuel for a Northwestern railroad and is all its output to the Continental Oil company, a subsidiary of the Standard Oil company. Interests have been quietly buying all the stock offered in Denver recently and that has had a tendency to increase the price.

Site at Prospect Lake May Go to Park Board

Mayor Avery yesterday asked city Attorney McKesson to prepare an ordinance to be submitted to the city council authorizing the transfer of the 80 acres at Prospect lake, now owned by the water department to the park commission by January 1, 1913.

Formerly, the site of the Prospect lake property as a city park, under jurisdiction of the park commission, and subject to improvements from appropriations for the city park system.

The improbability of the requested appropriation of \$25,000 in the immediate future for the establishment of a civic center on the site, was recognized and accepted yesterday at a brief conference between a committee from the Hillside Improvement association, Mayor Avery, City Attorney McKesson and members of the park commission.

Many members of the association favor the suggestion to submit to the voters at the city next April, a proposition to issue \$25,000 in municipal bonds to transform the property into a city park. This proposition is still in a formative state and has not developed beyond a general discussion.

The plan to lease the property to an individual, or to a company for a term of seven years, for improvements that at the expiration of the lease would be decided to the city, does not meet with favor. It is pointed out that the stipulated improvements costing not more than \$7,000 would not be of a type that would materially add to the beauty or convenience of the site, creating a city park. The acquisition of the site is an argument advanced for the city park proposition.

The park, it is stated, could be reached from all parts of the city for a 5-cent fare.

NEW HOME FOR BANKER WILL BE READY SOON

The new home of A. G. Sharp, president of the Exchange National bank, which is being built on North Cascade avenue, is nearing completion, and will be one of the finest residences in the city. The structure is built of Milwaukee brick and is to be elaborately finished and decorated. A stone wall will surround the place. It is expected that the home will be ready for occupancy before December 15.

STEINMETZ TRIAL IN POLICE COURT TODAY

Frank Steinmetz and Clyde Steinmetz, both of Peru, Ind., will be tried in police court this morning on a charge of reckless automobile driving. They are out on bonds of \$400 each. Their trial having been deferred to await the result of the injuries which five persons sustained in a collision for which the two men are held responsible. The collision occurred last week when the Steinmetz car struck the car driven by D. Gilmore of Colorado City. Dr. Gilmore and two children and a man named Steinmetz were injured, but all have practically recovered.

Westgard Will Look Into Springs Claims

Colorado Springs and the claim in highway will be thoroughly examined and will be thoroughly examined. It is possible that the time has come when the American Automobile association is planning and has a trail rider working on for the first time in this country.

A. E. Westgard, who had charge of the trail blazer party that passed through Colorado two weeks ago, has written Secretary Hendershott of the American Automobile association that there will be a decision whatever it is, the route through Colorado, until the time that Colorado Springs has been investigated. He states that he will come to Colorado again in a short time when the famous highway route from Laramie to Colorado Springs will be investigated.

A letter from the New York office of the American association has also been received by Secretary Hendershott in which Colorado Springs is promised a share in the work of the trail rider. The log book that is to be issued and also a loose scrutiny of the claims for the national highway that have been forwarded to the general office.

MODERN WOODMEN CAMPS MAY BE CONSOLIDATED

The consolidation of Colorado Springs and the Woodmen of America camps No. 890 and No. 225 and Sunshine camp No. 890, which has been under discussion for some time, will probably be effected in the near future. Both camps having called special meetings to vote on the proposed union. Colorado Springs camp will take action at a meeting November 29 and Sunshine camp No. 890 at a meeting on December 2. Other camps in the region may join in the amalgamation is completed, making one big organization of the lodge in the region with more than 1,000 members.

YALE MUST BRACE TO BEAT PRINCETON, SAYS OLD STAR

During the busy fall season, the Brown family and the splendid team of Elroy and the Kilmers, were on the job, backwards in blocking attempts to dig out seven Yule trees long and on

[illegible]

Yale gave a disappointing performance in the game, but the football team was all the same in doing better than ever, which is something to boast of. He is a remarkable player and, out of the best backs the game has ever known, the Indian line was great too.

I believe the Soldiers were in a slump, for the last a good team this

was planned and well executed and the team did not let the mistakes. Not one pass the team played was a mistake. The team's individuality was good. Had the factor through men not weakened in the second half, Yale could very likely have scored.

Howard's running was strong and clean. The safety through work was good.

The Indians are strong in every way. Their game with Brown will be very interesting.

The Navy is having a hard time of it. They will have a good team of players and lack of snap due to summer. The Midway West Indians have a record. The Midway Indians will have good men in the game.

News of Local Courts

Paddy Ryan was fined \$5 in police court yesterday morning for intoxication and committed to jail in default of payment.

W. L. Wheelless and Dora Wheelless have filed suit in the district court against the Santa Fe and Colorado & Southern railroads for \$5,000 damages for the death of their son, Charles Wheelless, who was killed October 25, 1911, by a southbound Santa Fe passenger train a few miles south of Colorado Springs. The complaint alleges that his death was due to the carelessness of the train crew.

Mary Peak, colored, was sentenced to 30 days in jail yesterday by Justice Dunnington for stealing coal from the Santa Fe yards. The sentence was suspended during good behavior.

The case of Meier vs. The San Luis Land and Irrigation company was yesterday dismissed in the district court on request of the plaintiff's attorney, John R. Smith of Denver.

Another move was made yesterday in the case of William O'Brien vs. Richard J. Bolles and The Florida Fruit Lands company in the district court, when the defendants filed exception to a court order of November 11, which overruled and denied their motions to quash the garnishments of the First National bank of Colorado Springs.

In the district court yesterday Judge Sheaford ruled that the Columbine Drug company transferred and assigned its 1912 Colorado Springs liquor license to the Wagner-Stockbridge Trading company, that the company took possession of it, and is now its owner. He ordered Ernest F. Freytag, the assignee of the company, to turn over the license to the Wagner-Stockbridge Trading company next Monday.

Societies and Clubs

The Brotherhood of the First Presbyterian church will entertain the women of the church tonight in the opening meeting of the year. The program will be given in the church parlors and will consist of musical numbers by the Temple quartet, Miss Manning, piano soloist, and Dr. A. C. Orleantise, cornet soloist. A general invitation has been issued to the public to attend.

Section 1 of the First Christian church will meet this afternoon at 2:30 o'clock, with Mrs. W. W. Crannell, 2028 North Nevada avenue.

The Woman's association of Christ Universalist church will meet this afternoon with Mrs. J. G. Harmon, 1001 South Cascade avenue.

El Paso lodge No. 13, A. F. and A. M., will hold a special communication tonight at 7:30 o'clock, for work in the entered apprentice degree.

Teachers in the city schools are especially invited to the lecture of Mrs. D. B. Wells of Chicago, to be given this afternoon at 3 o'clock, at the First Methodist church. An invitation has also been issued to men, as the lecture will be of special interest to them.

An entertainment program has been prepared for the open meeting of Cheyenne club No. 44, Redmen, in Robbins hall Monday evening. There will be card games, dancing, music, readings and songs. Refreshments will be served. All the great chiefs of the order in Colorado have been invited. Friends of members will be welcome.

"Ten Days Doing Chores Before Breakfast Will Cure the Land Fever"

CHICAGO, Nov. 14.—Ten days of doing chores before breakfast will cure the average "back to the land" fever, said Benjamin O. Parker, Wisconsin commissioner of immigration at the second annual meeting of the national conference of immigration, land and labor officials here today.

Mr. Parker asserted that there was much discussion of country life. "Those who have started and kept alive the poetic sentiment relative to the back to the land movement," he said, "are the ones who are most likely to find their ideas dashed to the ground by duties and conditions not considered before leaving their comfortable apartments. It is not the man unaccustomed to hard manual labor that the land developments of the various states want on their farms. The man who has come from generations of farmers in this country or other countries is the best to encourage in this work. He will get results where the others will fail."

"Thank Heaven, That Itching Is Gone!"

"One Touch of ZEMO and the Itch Is Sublime. Try It, Folks!" "O my, O my, what a blessed relief. Here I've been suffering the most torturing for months, and tried things galore. ZEMO is magic. The

first time I applied it, all itching stopped. Now I can sleep nights, and live a normal life."

ZEMO is a new, wonder liquid, that is guaranteed to stop itching. Away go eczema, eczema pains and sores. It stops dandruff in a hurry. It is unequalled for prickly heat, irritated and inflamed skin, skin blotches, sores, bites, stings and pimples. You can't find anything like it, simply because there's nothing like ZEMO known or sold today.

"Speed" Is a Comedy Full of Vim and Fun

Forty horsepower fun of the 1912, six cylinder type characterizes "Speed," this week's play at the Opera. If you are an automobile owner, or a prospective owner, or if you are one of the great host of prospective occupants of a "Speed" Wagon, here is a play that is novel, funny and true to life.

"Speed" tells about a typical American family who have been bitten by the automobile bug, and on the urging of their friends try a whirl at the motor car pastime. Of course it is expensive, and when a triumphant four smashes their car to little pieces, the "Speed" family are rather the head of the "Speed" family decides to put a stop on and for all to the auto habit. But he reckons without his wife and she finally makes a lucky turn in the stock market and her dream of six cylinders becomes a reality once more with the purchase of a larger and more costly motor car.

Justina Wayne as the speed mad wife is delightful. Not since "No. 1" body's Widow" has she appeared to better advantage. Mr. Arnold is satisfactory as Edwin Wise Jessup, the much hurried husband. Alfred Cross and Florence Hart contribute a very pretty little love scene, which is given a beautiful setting in the attractive staging of the third act. Little Miss Edlaga James of Denver, is most charming as Waxy, a very small boy who catches the fever of "Speed" from his parents. Good comedy and clever epigram, combined with so novel an idea make "Speed" a comedy decidedly worth seeing.

FORMER NOTED HORSE MAN KILLS SELF AT LEADVILLE

LEADVILLE, Nov. 14.—H. J. Hensley, one time owner of a noted string of harness horses, was found dead in his room, today, from poison, believed to have been self-administered. Last night, before entering his room, he said to his landlady:

"Give me a bottle of beer that I may enjoy for I'll be dead tomorrow."

Hensley, who was running a small restaurant here, had been dependent for several days. At one time he was wealthy. He sold, some time ago, the most complete collection of mounted heads of Rocky mountain animals ever gathered together.

TAR ARTISTS WOULD ESTABLISH AN ALIBI

NORWALK, Ct., Nov. 14.—The defense today attempted to prove an alibi for Ernest Welch, the first tried of the six men charged with "burning" Minnie La Valley. His mother, Mrs. Alvin Welch, testified he was at home the evening the burning took place.

Other witnesses testified the La Valley girl's reputation was "bad."

How to Make CALUMET Biscuit

To see how delightful baking can be, get a can of Calumet Baking Powder and try this delicious recipe:

Calumet Biscuit:
1 level teaspoon of salt.
2 level teaspoons butter or lard.
3 cup of milk.
3 cup of water.

Sift flour once, then measure, add salt and baking powder and sift three times, rub shortening in with fork or spoon, add milk and water, turn out on a well floured board and roll one inch thick, cut and bake in a quick oven about twelve to fifteen minutes.

And then when they come piping hot from the oven, light and fluffy and wholesome—butter and salt.

That's the Calumet test—always. Everything baked with Calumet must be as good as a little better than things made with other brands.

Calumet is moderate in price—economical in use. Your grocer knows—ask him.

BOTH LAWS PASS; ONE REPEALS OTHER

DENVER, Colo., Nov. 14.—It returns as they have passed, the two bills initiated by the legislature, the one passed last night and the other today, both of which have nothing to do with each other. The unusual situation concerns the two bills, one of which is a bill to amend the law of employment of miners.

The twenty-first measure on the ballot was entitled "Eight-Hour Law for Miners." It provides that any mine owner, superintendent or boss who is fined under a sentence of six months in jail, or both, for working employees in underground workings, open pits, smelters, mills, coke ovens and reduction works more than eight hours.

The other bill, which was initiated while the first was referred, was introduced on the floor and was entitled "To Limit Hours of Employment in Mines." Its provisions are similar to that of the other measure except that in one clause it limits the applications of the law to cases where employees in such occupations are continuously in contact with noxious fumes, gases and vapors. In another part it says the act shall repeal "an act passed by the last general assembly entitled 'An eight-hour law for miners.'" The measure that was referred.

The referred bill appears to have passed by a small vote, the initiated one by a large vote. Legal process.

EDITH NOLAN WEDS AUSTRIAN OFFICER

CHICAGO, Nov. 14.—Friends of Mrs. Edith Schuyler Nolan were surprised to learn that she was married yesterday to Captain Hans Ewald von Reutter of the Austrian army and had departed for Europe soon after the ceremony. The bride, who is one of the most beautiful women in Chicago, had been traveling abroad almost two years with her mother Mrs. H. J. Schuyler, Sr. They returned several weeks ago and were followed by Captain von Reutter.

Only members of the family were aware of the engagement of Mrs. Nolan to the Austrian officer. Mrs. von Reutter was divorced from Harry von Nolan about a year ago. He recently came into public notice in New York, where, on the eve of sailing to assume the duties of secretary of the American legation at Panama, he was arrested in serious charges. Mr. Nolan was acquitted.

NAVY WOULD USE COLO. COAL IN TIME OF WAR

DENVER, Nov. 14.—A report of recent tests on board the battleship Maryland to determine the efficiency of Colorado coal has been submitted to the Colorado Fuel & Iron company by the navy department. The report shows that the Colorado product is adapted to the use of the navy and that it will be one of the most available in the event of war.

Gov. Carey to Resign and Try for U. S. Senatorship

CHEYENNE, Wyo., Nov. 14.—A report from a large source says that D. N. Dickinson, a two-term state senator, has said Governor Carey would soon resign in favor of Secretary of State Knox and enter the race against Francis E. Warren, senior senator from Wyoming, candidate for reelection, the governor having formed a coalition with Progressive Republicans and Democrats.

Secretary of State Knox said the report was all news to him. Governor Carey, when informed of the report, expressed great surprise. "This is the first I have heard of it," he said. "But, of course, I am interested."

It has been known for some time that while Governor Carey would like to see Senator Warren displaced, he would not accept the senatorship under any circumstances.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's friend is sold at drug stores. DAVID BELASCO'S

"THE WOMAN"

There is a play in the world that David Belasco is today the most prominent and successful producer of dramatic plays in the world. He has an unbroken record of successful plays, and his plays are the most successful of the modern stage. Small wonder, then, that the producers of the new play, "The Woman," have been so anxious to secure his services. In his latest and greatest success, "The Woman," Mr. Belasco has added more than ever to his list of great reputations, by creating a play of force, purpose and originality, and in such an absolutely perfect manner as to thrill from press to press.

Professional politicians and actors in the national capital are exposed without consideration of party or faction. A woman's loyalty and devotion to her country is revealed with an authority that indicates the mastery of the hand behind the pen, and for the first time in recent stage history a woman's character is introduced by the play.

and it possesses those elements of popular appeal that are the basis of its success. President Taft, together with several members of his cabinet, statesmen, politicians and men who are interested in affairs of the government, have taken the truthful depiction of the character introduced and the absolutely logical manner in which the political situations are presented, in fact, "The Woman" is making additional popular appeal in a most opportune time.

The company that will present it here is the same that created such a successful impression everywhere presented last season, and includes such well-known players as Marjorie Wood, Marion Turner, James Seely, David Howard, Helen Thompson, Austin Wells, Homer Granville, Peter Belmont, Hugh Delphina, Katharine May, and others.

The Colorado Springs engagement is for one night only, tomorrow (Saturday) evening, November 16.
